DESCRIPTION

Hi!

My name is Manuel Cobos and because of I was always curious about the world of graphic arts and advertising, I decided to specialize a Master's degree of Graphic Design and Art Direction.

So far, I have alternated my work as a freelance with Jobs and internships in companies. I would like to find a job where I can continue to develop teamwork and grow in this field by achieving common goals.

Nowadays, I am still training in Wordpress and I have completed a front-end web development course to improve my web design skills.
